

Memo to SIA Membership

January 7, 2002

All,

I am pleased to announce that David Cavossa has recently joined our small but stalwart staff at the Satellite Industry Association (SIA) as Director, External Relations. David comes to us from the National Aeronautics and Space Administration (NASA) where, for the past three years, he has worked with International Relations and Legislative Affairs aspects of NASA's Washington D.C. Office. As Director of External Relations Mr. Cavossa will work extremely closely with me in all SIA aspects, specifically legislative and regulatory matters. Originally from Lowell, Massachusetts, Mr. Cavossa obtained his B.A. from Wheaton College in Norton, Massachusetts with a degree in Physics/Astronomy and Political Science. He is also currently pursuing his M.A. in Science, Technology and Public Policy from the George Washington University, Space Policy Institute as their Space Policy Fellow for the 2001-2003 academic years.

Please join me in giving a warm welcoming David to SIA. You can reach David at:
